# HOVERFLY SENTRY

## PRODUCT INFORMATION

### Sentry System Including:

- Sentry 6205 Series sUAS Aerial Vehicle with:
  - EO/IR Payload with 120X Zoom 1080p HD Visible Camera and Co-Boresighted 640x512 8X Zoom Thermal Imager with NON-ITAR 30Hz Update Rate
  - Dual Simultaneous h.264 Video Streams
  - NO RF emissions. Command and Control and Simultaneous Video-Over-Tether (C2VOT)
  - Advanced Tether Sensor (ATS) for Precision Landing
  - Quick Change Safety Landing Battery (SLB)
- Advanced Tether Automation Kit (62-ATK) Including:
  - LWII Series Modular Automatic Tether Management System with 200' Altitude Engineered Tether with Kevlar strength member
  - Hoverfly Infini-Fly Modular Power System
  - Hoverfly Flight Management System (FMS) Embedded Computer
  - Dual Barometric Compensation System for long duration flight
  - Dual External Ethernet Interfaces
- One Way Installation Precision Landing Platform (Landing Ring)
- Autonomous Precision Landing Capability
- Mobile On-The-Move (OTM) Capability
- 6' Power Cable
- Two Custom-fit International Capable Hard Cases
- MIL-STD 810 Weather Resistant Performance
- One Year Limited Warranty

### I-LVS-6205-S SENTRY / LVS-6205-S SENTRY

**Sentry Craft #1000575**

**Sentry Gimbal #1000491**

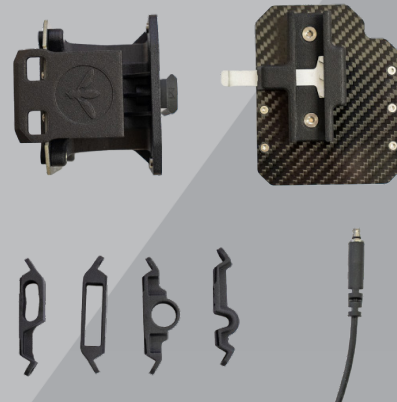

**Sentry Tether Kit #1000055**

# CAMERA PAYLOADS

<p><b>PTZ2</b></p>  <p>The PTZ2 camera payload is a black, ruggedized camera unit mounted on a gimbal. It features a prominent orange protective cover on the top and a lens assembly on the front. The camera is shown from a three-quarter perspective, highlighting its compact and industrial design.</p>	<p><b>PRODUCT INFORMATION</b></p> <p><b>I-P-6205-EOIR / P-6205-EOIR #1000491</b></p> <p>Standard camera payload for Sentry 6205 Series UAV</p> <ul style="list-style-type: none"> <li>• PTZ2 Gimbal:             <ul style="list-style-type: none"> <li>• E/O Camera: iShot Imaging XBlock XBC-KZ10 Block Camera</li> <li>• IR: FLIR Boson640 Long-Wave Infrared</li> </ul> </li> <li>• Sensor: 1/2.8" Exmor CMOS</li> <li>• Zoom:             <ul style="list-style-type: none"> <li>• E/O Zoom: X120 (X10 + X12 Digital)</li> <li>• IR Zoom: X8 (X1 + X8 Digital)</li> </ul> </li> <li>• 3-axis Stabilization</li> <li>• Field of View:             <ul style="list-style-type: none"> <li>• E/O hFOV: 54° vFOV: 31°</li> <li>• IR 8.7mm hFOV: 50° vFOV: 40°</li> <li>• IR 18.0mm hFOV: 24° vFOV: 19.2°</li> </ul> </li> <li>• Resolution (dual stream):             <ul style="list-style-type: none"> <li>• EO = 1920x1080 30fps / 1280x720 5fps</li> <li>• IR = 640x512 60fps / 320x256 10fps</li> </ul> </li> </ul>
<p><b>NextVision Raptor</b></p>  <p>The NextVision Raptor camera payload is a silver, cylindrical camera unit with a large, clear lens in the center. It has three smaller lenses or sensors at the top and a base that appears to be a mounting bracket. The camera is shown from a front-facing perspective, emphasizing its sleek and professional appearance.</p>	<p><b>PRODUCT INFORMATION</b></p> <p><b>I-P-6205-Raptor / P-6205-Raptor #1001776</b></p> <ul style="list-style-type: none"> <li>• NextVision Raptor</li> <li>• Long range dual EO-IR stabilized camera.</li> <li>• Zoom: X80 (X40 + X2 digital)</li> <li>• FOV: 60° WFOV – 1.5° NFOV – 0.75° DFOV</li> <li>• Thermal Resolution: 1280x720</li> <li>• Visible: 400-700 nm, options for 1280x720 and 1920x1080</li> </ul>

# RADIO PAYLOAD MOUNTS

**Silvus SC4200 StreamCaster**

**PRODUCT INFORMATION**

**I-P-6205-SC4200E-EB / P-6205-SC4200E-EB  
#1001684**

- PowerMount SC4200 STREAMCASTER
- Removable Silvus Streamcaster SC4200 Mounting and Power Kit. Includes Snap-In Mount for One (1) SC4200 and One (1) Pre-Installed Antenna Captive Hold Device.
- Includes Primary Connector For SC4200 to Receive LiveSky Power.

**I-P-6205-SC4200E-BB / P-6205-SC4200E-BB  
#1001685**

- PowerMount SC4200 STREAMCASTER
- Removable Silvus Streamcaster SC4200 Mounting and Power Kit. Includes Snap-In Mount for One (1) SC4200 and Pre-Installed Antenna Captive Hold Device(s).
- Includes One (1) Integrated Power Connector Replacing Battery On SC4200 to Receive LiveSky Power.

**Persistent Systems MPU5**

**PRODUCT INFORMATION**

**P-6205-MPU5-Upper C-Band Modular Payload #1001082**

- Persistent Systems MPU-5 Embedded Module Integrated Modular Payload for LiveSky Payload Bay
- Full-up Upper C-Band (5.1-6.0 GHz) payload includes: Embedded Module, Upper C-Band RF Module, three (3) C-Band Omni antennas, Fixed Camera for Situational Awareness and External Ethernet Port for Ease of Programming.
- Payload has interchangeable antennas and RF Modules to accommodate other available frequency bands (other frequency bands not included in this payload - only Upper C-Band).

**P-6205-MPU5-L-Band Modular Payload #1001082**

- Persistent Systems MPU-5 Embedded Module Integrated Modular Payload for LiveSky Payload Bay.
- Full-up L-Band (1350-1390 MHz) payload includes: Embedded Module, L-Band RF Module, three (3) L-Band Omni antennas, Fixed Camera for Situational Awareness and External Ethernet Port for Ease of Programming.
- Payload has interchangeable antennas and RF Modules to accommodate other available frequency bands (other frequency bands not included in this payload - only L-Band).

**P-6205-MPU5-S-Band Modular Payload #1001082**

- Persistent Systems MPU-5 Embedded Module Integrated Modular Payload for LiveSky Payload Bay
- Full-up S-Band (2200-2500 MHz) payload includes: Embedded Module, S-Band RF Module, three (3) S-Band Omni antennas, Fixed Camera for Situational Awareness and External Ethernet Port for Ease of Programming.
- Payload has interchangeable antennas and RF Modules to accommodate other available frequency bands (other frequency bands not included in this payload - only S-Band).

**P-6205-MPU5-Lower C-Band Modular Payload #1001082**

- Persistent Systems MPU-5 Embedded Module Integrated Modular Payload for LiveSky Payload Bay
- Full-up Lower C-Band (4.4-5.0 GHz) payload includes: Embedded Module, Lower C-Band RF Module, three (3) C-Band Omni antennas, Fixed Camera for Situational Awareness and External Ethernet Port for Ease of Programming.
- Payload has interchangeable antennas and RF Modules to accommodate other available frequency bands (other frequency bands not included in this payload - only Lower C-Band).

# ACCESSORIES

<p><b>Panasonic Toughpad Controller</b></p> 	<p><b>PRODUCT INFORMATION</b></p> <p><b>I-HF-TBC / HF-TBC</b></p> <ul style="list-style-type: none"> <li>• LiveSky Compatible Panasonic ToughPad Controller with Hoverfly Flight Management System (FMS)</li> <li>• Pre-Installed Executable for Remote System Control over Wired Ethernet Connection to Tether Kit. Xbox Controller Included</li> </ul>
<p><b>Field Replaceable Unit</b></p> 	<p><b>I-FRU-6205-VHA / FRU-6205-VHA #1001520</b></p> <ul style="list-style-type: none"> <li>• Includes All Field Replaceable Spares:             <ul style="list-style-type: none"> <li>• (1) LVS-62-TK-LW3 Series Tether Reel with Tether and Connector</li> <li>• (2) Aircraft Back-up Battery</li> <li>• (2) TK Back-up Battery</li> <li>• (8) Props</li> <li>• Two (4) each CW and CCW</li> <li>• (1) iFixItFRU Hardware and tools.</li> </ul> </li> <li>• Includes international-capable storage and transit case.</li> <li>• Requires Specific Training</li> <li>• Does not include Payload(s)</li> </ul>

# FOR THE BEST RESULTS

# HOVERFLY SPECTRE 2.0

## PRODUCT INFORMATION

Spectre 2.0 System with up to 5 lbs payload capacity subject to payload conformity SWAP Including:

- Spectre 2.0 6205-HL Series sUAS Aerial Vehicle with:
  - EO/IR Payload for LiveSky with 120X Zoom 1080p HD Visible Camera and Co-Boresighted 640x512 8X Zoom Thermal Imager with 30Hz Update Rate
  - Dual Simultaneous h.264 Video Streams
  - NO RF emissions. Command and Control and Simultaneous Video-Over-Tether (C2VOT)
  - Advanced Tether Sensor for Precision Landing
  - GPS-less Operation Capability (TRL8 pending fielding)
  - Controllable Anti-Collision Beacon
  - Quick Change Safety Landing Battery (SLB)
- Advanced Tether Automation Kit (62-ATK) Including:
  - LWII Series Modular Automatic Tether Management System with 200' Altitude Engineered Tether with Kevlar strength member
  - Hoverfly Infini-Fly Modular Power System
  - Hoverfly Flight Management System (FMS) Embedded Computer
  - Dual Barometric Compensation System for long duration flight
  - Dual External Ethernet Interfaces
- One Way Installation Precision Landing Platform (Landing Ring)
- Autonomous Precision Landing Capability
- Mobile On-The-Move (OTM) Capability
- 6' Power Cable
- Two Custom-fit International Capable Hard Cases
- MIL-STD-810 Weather Resistant Performance
- One Year Limited Warranty

# SERVICES SERVICES SERVICES

# TRAINING

## **I-T-Basic Training OCONUS / T-Basic Training HTI or CONUS**

- Basic Training with optional On-the-Move (OTM) and Field Replaceable Unit (FRU) supplements.
- For class size 1-6 people, one Hoverfly Factory Trainer

## **I-T-Train the Trainer OCONUS / T-Train the Trainer HTI or CONUS**

- Basic Training with On-the-Move (OTM) and Field Replaceable Unit (FRU) supplements with supplemental testing, troubleshooting, and certification to train future users.
- For class size 1-6 people, two Hoverfly Factory Trainer, including labor, travel, expenses

## **T-Virtual Training**

- Virtual Training. Basic Training with optional On-the-Move (OTM) and maintenance supplements.
- For class size 1-6 people, one Hoverfly Factory Trainer

## **I-T-Refresher Training OCONUS / T-Refresher Training HTI or CONUS**

- Refresher training of the Basic Training course at Hoverfly Technologies with optional On-the-Move (OTM) and Field Replaceable Unit (FRU) supplements.
- For class size 1-6 people, one Hoverfly Factory Trainer

## **I-T-Scenario Based Training OCONUS / T-Scenario Based Training HTI or CONUS**

- HTI - Advanced Training with scenario simulations, supplemental testing, troubleshooting, and certification to train future users.
- For class size 1-6 people, two Hoverfly Factory Trainer, including labor, travel, expenses

**Contact us for cost estimate.**

# INTEGRATION & SUPPORT

## **I-T-Custom Integration**

- Integration onto vehicular and maritime platforms. Custom compatibility and developmental collaboration.
- Cost estimate includes non-recurring engineering (NRE), software, and service-based efforts; includes labor, travel, expenses.
- Hoverfly TUAS Interface Control Document (ICD) available upon request and with fully executed NDA.

## **I-T-Field Service Representative (FSR) Support**

- Hoverfly TUAS field subject matter experts provide support with maintenance, service, troubleshooting, warranty work, repairs or pilot/operator support for customer events such as: Demonstrations, Field Exercises, Training Center Rotations, Experiments, and DV days.
- Cost includes labor, materials, and travel expenses.

**Contact us for cost estimate.**

# DRONE AS A SERVICE

## **I-T-Drone As A Service**

- Hoverfly Solutions Team providing Hoverfly systems, piloting, and subject matter experts to perform support for a dedicated event or duration of time.
- Examples of events include concerts, sports events, political rallies, parades, etc.
- Provide supplemental support for news agencies, event security, law enforcement and first responders.

**Contact us for cost estimate.**

This document includes data that shall not be disclosed outside the U.S. Government and shall not be duplicated, used, or disclosed in whole or in part for any purpose other than training or operating the Hoverfly System. This restriction does not limit the right to use information contained in this document if it is obtained from a source without restriction. The information subject to this restriction is contained on all sheets.

This document contains Trade Secret and Proprietary Information of Hoverfly Technologies, Inc. and is protected under U.S. Laws and by 5 USC 552 as amended and is Prohibited from Public Disclosure by 18 USC 1905. The pages that contain this information are marked with the legend "Hoverfly Proprietary Information." All Rights in Computer Software and Technical Data are reserved by Hoverfly Technologies, Inc., and no license is implied or offered except to the extent as may be provided in the Contract Number referenced above.

### **Limited Warranty Summary Statement**

Hoverfly provides a **LIMITED WARRANTY ONLY** if the system has not been modified or altered from its original condition, and if the software is intact and maintained in an authorized configuration.

No warranty or obligations shall apply to any portion of the system that has been either; (A) Operated or maintained in a manner inconsistent with the O&M Manual, or (B) Operated in a manner inconsistent with the provisions of the contract, or (C) Damaged by negligence or misuse, fire, casualty, or other external cause(s). Other than replacement of Customer Serviceable Items, this Warranty shall be null and void if any service, repair, changes, or modification of the System or Software is performed by any party other than Hoverfly or a Hoverfly authorized service agent.

This Warranty shall be null and void if any unauthorized payloads are installed and/or flown on the Hoverfly system.

Other warranty conditions apply. Review the entire warranty under the applicable contract.
