Dear Partner,

we always strive to let our customers benefit from the newest soft- and hardware improvements. Therefore, we would like to inform you that there is a new release coming today, January 15th 2024.

The update will include a new Trinity Pro firmware for the autopilot.

# Trinity Pro | QOS Autopilot | Firmware 2.5.2.18

Bug Fixes

- Bugfix: Logging stops during flight

General

- Minor autopilot improvements
- Increase GNSS innovation check limits (less frequent changes to GNSS denied mode)

The highest level of flight safety can only be achieved with the latest software release. Therefore, Quantum-Systems can only offer warranty if the UAV and QBase are up to date as soon as an update becomes available. If you have any questions please contact the Quantum-Systems support.

Happy Landings
your Quantum-Systems Support Team
